Re: 091-15721
Third Administrative Amendment to
FESOP 091-5568-00091

Dear Mr. Gayda:

Federal Mogul Corporation was issued a FESOP on September 17, 1997, for a stationary windshield wiper manufacturing source. A letter requesting a modification was received on March 18, 2002. The modification related to the replacement of a 3.5 inch rubber extruder, with a maximum output of 550 lb of rubber per hour, with a 4.5 inch rubber extruder with a maximum output of 900 lb of rubber. A calculation of the potential to emit for the new extruder results in exempt level emissions. According to 326 IAC 2-8-10(a)(6), an administrative amendment can be used for a modification that "revises descriptive information where the revision will not trigger a new applicable requirement or violate a permit term". The modification requested meets this requirement, therefore an administrative amendment is hereby granted as described below:

No change has been made to permit pages, since rubber extrusion is included in the permit as an insignificant activity, and the replacement of the extruder does not affect that status.

All other conditions of the permit shall remain unchanged and in effect. Please attach a copy of this amendment and the following revised permit cover page to the front of the original permit.

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Madhurima Moulik, at (800) 451-6027, press 0 and ask for Madhurima Moulik or extension 3-0868, or dial (317) 233-0868.

Sincerely,

Paul Dubenetzky, Chief
Permits Branch
Office of Air Quality
